

## How to Add Certifications to Your LinkedIn Profile

source: <https://www.linkedin.com/help/linkedin/answer/44644/adding-editing-or-removing-certifications-on-your-profile?lang=en>

To add a certification:

1. Click the **Me** icon at the top of your LinkedIn homepage.
2. Click **View profile**.
3. If you've previously added a certificate, scroll down to the **Licenses and Certifications** section and click **Add**.
  - If you've never added a certification, you'll first want to add a Licenses and Certifications section. On your profile page click Add new profile section in your introduction card. Under the Background dropdown, click the **Add** icon next to Licenses and Certifications.

The screenshot shows a LinkedIn profile for Kanan Patel, a Freelance Photographer. The profile header includes a circular profile picture, a blue background with a network diagram, and a dropdown menu for 'Add profile section'. The dropdown menu is open, showing options: Intro, About, Featured, Background, Work experience (5 positions on your profile), Education (2 schools on your profile), and Licenses & Certifications (Showcase your expertise with your credentials). Each option has a plus icon to its right. The background section is expanded, showing 'Work experience' and 'Education' sections with plus icons and edit pencils.

Activate to view larger image.

4. Type in your certification information.
5. A menu displaying companies will appear as you type in the **Issuing Organization** field. Be sure to select the correct authority from the menu so their logo appears next to the certification on your profile.
  - For AFIS: International Risk Management Institute (IRMI)
6. Click **Save**.
