

Design-Build Risk and Insurance Table of Contents

Design-Build Risk and Insurance (3rd ed.)

- Preface
- About the Editor
- About the Authors
- Topical Index
- Chapter 1: Design-Build Construction
 - The Design-Build Movement
 - Drivers of Change
 - New Roles, New Relationships, New Responsibilities
 - Integrated Teams
 - Unified Processes
 - Impediments to Design-Build
 - Public Procurement of Design-Build Services
 - Professional Practice Impediments
 - Informational Resources
 - Standard Contracts
 - Conclusion
- Chapter 2: Design-Build Risks
 - Pre-Contractual Risk Considerations
 - Type of Project
 - Owner's Objectives
 - Structure of the Design-Build Team
 - Type of Cost Guarantee
 - Lump Sum Payment
 - Cost Plus
 - Guaranteed Maximum Price
 - Legal Constraints on Design-Build: Licensing and Procurement Laws
 - Licensing Issues
 - Procurement Issues
 - Teaming Issues
 - Contractual Considerations
 - Design Liability
 - Design Development
 - Ownership of Documents
 - Limitations and Waivers

- Indemnification
 - Owner Funding and Payment
 - Cost of Work
 - Safety Responsibilities
 - Differing Site Conditions
 - Termination and Suspension
 - Dispute Resolution
- Chapter 3: Indemnity, Insurance Requirements, & Limitations of Liability
 - Indemnity Provisions
 - Statutory Limitations
 - Patent & Trademark Infringement Indemnity
 - Tax Indemnification
 - Hazardous Substances Indemnity
 - Indemnities vs Warranties or Guarantees
 - Insurance Requirements
 - General Liability
 - Umbrella Liability
 - E&O Insurance
 - Property%2FBuilders Risk Insurance
 - Subcontract Requirements
 - Certificates of Insurance
 - Limitations of Liability
 - Scope of Limitations
 - Validity and Effect
- Chapter 4: Design-Build Claims--Case Law
 - What Is a "Design-Build" Contract?
 - Professional Licensing Requirements
 - Ownership of Design-Build Documents
 - Competitive Bidding Statutes
 - Design-Build Contract Bidding
 - Relying on Incomplete Design Documents
 - Relying on Subcontractor Bids
 - Bid Bonds
 - Design-Build Performance Objectives
 - Prescriptive Specifications vs Performance Specifications
 - Warranting the Design and Work
 - Subcontractor Default
 - Liquidated Damages
 - Contractor-Subcontractor Disputes
 - In-House Design
 - Subcontracted Design
 - Delay Damages

- Change Orders
- Insuring Against Design Deficiencies
- Conclusion
- Chapter 5: Coverage for Professional Services in Traditional Policies
 - Contractor Insurance Program
 - Builders Risk Insurance
 - General Liability Insurance
 - Architects & Engineers Professional Liability Insurance
 - Surety Bonds
 - Contractor Insurance Program
 - Summary
- Chapter 6: Contractors Professional Liability Insurance
 - Coverage Trigger
 - Retroactive Date
 - Notice of Circumstance Provisions
 - Extended Reporting Period
 - Who Is an Insured
 - Covered Persons
 - Covered Acts
 - What Are Covered "Professional Services"?
 - Covered Damages
 - Additional Coverages
 - Covered Territory
 - Policy Term
 - Exclusions
 - Express Warranties or Guarantees
 - Faulty Workmanship
 - Damage to Owned Property Exclusion
 - Contractual Liability
 - Pollution
 - Mold
 - Defense and Settlement of Claims
 - Consent To Settle Provisions
 - Deductibles
 - Limits
 - Policy Conditions
 - Notice of a Claim
 - Subrogation
 - Other Insurance
 - Design Professional's Insurance
 - Cancellation
 - Rating

- Chapter 7: Architects & Engineers Professional Liability Insurance
 - Project Role
 - Agent for the Owner
 - Prime Contractor%2FDesigner (Design-Builder)
 - A Sub to the Design-Builder
 - The Importance of the A%2FE's Professional Liability Program
 - A%2FE Professional Liability Insurance
 - Coverage Trigger
 - Coverage Parameters
 - Coverage Territory
 - Covered Defense Costs and Settlement Procedures
 - Exclusions
 - Professional Liability Insurance Application
 - Other Insurance
 - Jurisdiction and Venue
 - Coordination with Other Policies
 - Underwriting Considerations
 - Underwriting Guidelines
 - Required Documentation
 - Underwriting Peer Review Process
- Chapter 8: Project Professional Liability Insurance
 - The Blurring of Design and Construction Exposures
 - Professional Liability Insurance Solutions in Design-Build
 - Design Professional E&O Policy
 - CGL Policy and Associated Endorsements
 - A&E E&O Policy Wording Modified for Construction Services
 - Contractors Professional Liability Policy
 - Project-Specific Professional Liability Policies
 - Project Specific--A%2FE-Based Wording Approach
 - Project Specific--Contractors Professional-Based Wording Approach
 - Project Specific--Owners Excess Indemnification Approach
 - Professional Liability Coverages within a Project-Wide Context
 - Summary
- Chapter 9: Bonding Design-Build Projects
 - Overview of Bond Underwriting Process
 - Bonding Challenges in Design-Build
 - Design Risk
 - New Roles and New Relationships
 - Lack of a Clear Scope
 - Increased Completion Costs
 - Performance Warranties
 - Surety Response to Design-Build Challenges

- Addressing Design Risk
- Addressing New Relationships and Roles
- Addressing Performance Warranties
- Conclusion
